GERMAN SECOND LINE PENETRATED BY AMERIC

THREE SUCCESSFUL RAIDS RESULT IN GREAT VICTORY FOR ENTENTE

Enemy Positions Are Demolished by Artillery Fire on the Lorraine Front

WITH THE AMERICAN ARMY IN FRANCE, March 10 .- (Sunday) -Americans co-operating with the French conducted three raids in Lorrains. Two were executed last night. The Americans swept past the German line and penetrated the second line 600 yards back. Intense artillery preparation preceded last night's raids and the German positions were leveled. The Americans, with small French forces on their flanks, moved forward behind a creeping barrage, which was lifted to box in the German first line. It was found the Germans had fled. The Americans remained forty-five minutes in the enemy's second line and destroyed excellent concrete dugouts. They captured valuable papers. The American heavy and light artillery silenced the attempt of the Germans to put out a counter barrage. The invaders nurled gas shells on the Germans. In the third raid the Americans obliterated enemy positions. All were skillfully conducted. No Americans are unaccounted for.
